CER at IIT-K to boost power sector in institutes

The Centre was launched by chairperson, Central Electricity Regulatory Commission (CERC), PK Pujari, at a ceremony held in New Delhi on May 17.

The Centre has set up the Centre for Energy Regulation (CER), the first of its kind in the country, which aims at strengthening policy and regulatory institutions in the power and energy sector.

The Centre is an initiative of the department of industrial and management engineering at IIT-Kanpur, and is partly supported by the UK government. The aim of the Centre is to strengthen the Indian power sector. It will be working closely with key stakeholders in the Indian power sector, particularly the Central and the state governments, civil society groups, businesses and academia, informed a press release issued by IIT-Kanpur.

Some of the objectives of the Centre include increasing interaction between businesses, regulatory authorities and academia, developing knowledge based for future policy decisions, research in the power sector and developing a collaborative research environment.

"The department of industrial and management engineering at IIT-Kanpur has been actively involved in regulatory research and policy advice. I recommend the initiative and hope that the Centre will further push the existing work of IIT Kanpur," said PK Pujari (former secretary, MeP) in his keynote address at the inauguration ceremony. In his welcome address, Prof. Anoop Singh of the department of industrial and management engineering, IIT-Kanpur and coordinator of CER, said that the Centre would adopt innovative approaches to engage with stakeholders in the power sector and would also develop a regulatory database to enable stakeholders in taking more decisions.

The online learning modules and tools would help enhance understanding of the regulatory and policy aspects for the beginners as well as advanced learners and the Centre's output can later be accessed from its web portal, he added.

IT-K sets up country's first centre for energy regulation

HT Correspondent

KANPUR: The Indian Institute of Technology (IIT-K) has set up first of its kind Centre for Energy Regulation (CER) in the country to strengthen policy and regulatory limitations in energy and power sector.

PK Project, chairperson, CERC unveiled the centre's logo and its web portal at the launch ceremony held in New Delhi on May 17.

Anoop Singh, an associate professor in the department of industrial and management engineering at IT-K and the coordinator of CERC, said the centre would be set up with assistance of the UK Government.

It would adopt innovative approach to engage with stakeholders in the power sector, especially the electricity regulatory commission, electric utilities and the academia.

The centre would also develop a regulatory database to enable stakeholders in taking more informed decisions.

The online learning modules and tools would help enhance understanding of the regulatory and policy aspect for the beginners as well as advanced learners and the centre's output can later be accessed from its web portal or IITK.ac.in.

AK Bhatia, secretary, ministry of power, said the centre was expected to play a key role in providing independent advisory on the policy and regulatory matters.

The sector would be benefited by the centre's activities, particularly regulatory research based on its knowledge database, the chairman of the centre, IIT Kanpur and Gavin McGillivray, head of the department for international development (DFID), India.
आईआईटी में ऊर्जा विनियमन सेटअप के लिए भारत का पहला केंद्र

देश में बिजली ऊर्जा क्षेत्र में पहली तरह का केंद्र

वेब पोर्टल का अनावरण करते अधिकारी!

(आज समाचार सेवा)
कानपुर, 20 मई। आईआईटी कानपुर ने ऊर्जा क्षेत्र में नीति और नियमात्मक सर्वेक्षणों की मजबूती करने के उद्देश्य से देश में अपने तृतीय केंद्र के पहले ऊर्जा विनियमन केंद्र की स्थापना की है। गत 17 मई को नई दिल्ली में आयोजित एक समारोह में केंद्रीय विभुति विनियमक आयोग, सीआईआईआर के अध्यक्ष श्री. के. पुरेरी ने केंद्र लांच किया था। समारोह में केंद्र का लोगों और वेब पोर्टल का अनावरण भी किया गया जिसमें ऊर्जा मंत्री के सचिव ए.के. भूलक, बोर्ड ऑफ गवर्नर्स के अध्यक्ष आर.सी. बांग्ला, आईआईटी कानपुर से मैनेजमेंट मैनेजमेंट आदि शामिल हुए। आईआईटी कानपुर और सीआईआर के समन्वयक प्रो. अनोप सिंह ने बताया कि केंद्र बिजली क्षेत्र
